Fifteen years of careful study of Communism equips us to analyze the subject. Many who read this have known us for years and are aware that this is an honest effort to preserve the United States from Red Slavery. Communism has reached its position in this country by deception, as we will show you. Our purpose is to educate people to what Communism really is, written in plain words for plain people. We are non-partisan, have no axes to grind.

PLAYING WITH FIRE

Does it interest you to know that the stage for the next World War is being set and arranged to push the United States into it? For without us there could be no World War III, nor could there have been a World War II. There has to be some country rich enough and dumb enough to pay the bills and that is where we fit in.

It is not too early to think about World War II, and you had better think fast, and wake up, or we will be in the next one before all of the boys return from the last one.

Wars don't start with honesty and in the open, and seldom are started by the country that wants war. In the last one, England did not care about Danzig, Poland. If you doubt this, who has Danzig now? Red Russia! Did you hear England or America object? To the contrary, they gave approval for Russia to take Danzig and the whole Polish Nation into slavery. Along with this approval, the United States also loaned 90 million dollars to the Communist government in Poland.

When a big country wants a war started in a certain spot, she starts the propaganda line reaching out into two or three other countries in the best way to get the flame started. In this way she can use any excuse so she, as a benefactor of the human race, can come in at the opportune time to carry out the plans she has worked out long in advance.

From the last war only Russia gained. Oh! Stalin is not depressed over the loss of his Russians killed. They came from the 96% of the Russians who are not Communist and who are regarded practically as slaves. He kills them off anyway when there is no war to eliminate them. Stalin has fifteen million of them in concentration camps right now, slowly decreasing in number through starvation and imprisonment. Only 4% of the population of Russia is Communist, but, as a result of World War II, they now control thirteen European countries and England is fighting for her life while Harold Laski works to turn it over to Stalin.

Stalin wants us to throw Franco out, so get prepared to listen to a big smear campaign against Franco. You will help pay for this, because our Reds are very close to the Treasury Department even since Morgenthau was put out. This department is nearly as heavy with Russian Firsters as the State Department.

Our happy-go-lucky people who swallow this propaganda about Franco — can they think, or have they put their brains in storage down in Washington? They should know that this is the flame that Stalin wants lighted. What do they think the Spanish people will do after seeing what happened to the European people who surrendered?

They will fight to the last man, and there we will have World War III. A dozen countries will be involved before one can say "Churchill". Naturally Uncle Sap will pay the bills and thousands of our boys will go. While all of this is going on, the Communists will be putting the finishing touches on the grand delusion of Freedom and Democracy.

This week the Reds are collecting fifty thousand dollars from employees of New York City alone, to buy ammunition and arms to attack Spain. Why doesn't our government stop this campaign? Because Washington is controlled by Reds.

This is a hostile act against a friendly country. If Stalin wants Franco out, let him send his army of gypsies down there and do it. Let him have the honor! But Stalin doesn't go into countries while they are strong. He maneuvers other countries into softening them up, as we did with Berlin, or waits until his fifth column has civil war going, as he did before in Spain when he sent General Rosenberg down with one hundred thousand Red soldiers.

These Reds, working day and night to get a war going against Spain, would be locked up if a man like Teddy Roosevelt was President of the United States today. They are playing with the lives of our boys, but Stalin doesn't care as long as Christianity is stamped out in Spain. After this accomplishment he will proceed to take Gibraltar and spread over the world. It won't be long before he picks a war with Turkey, for he wants the Dardenells.

His fifth columns in all the countries receive instructions simultaneously to undermine the governments to Stalin's advantage.

Have you looked at a map recently and observed how Russia has spread out since the war? Did we fight for the Four Freedoms or did we fight to make way for Communism? **THINK.**

If you think America should put its own house in order and let Spain take care of her own affairs, you should write your Congressman. He likes to receive a letter from a real American once in a while. Heavens knows, he hears enough from the Reds every day.

BY SOVIET COMMISSAR OF EDUCATION We hate Christians. Even the best of them must be regarded as our enemies. They preach love to one's neighbor and pity, which is contrary to our principles.

CHRISTIAN LOVE IS A HINDRANCE TO THE DEVELOPMENT OF THE REVOLUTION. Down with love for one's neighbor, **WHAT WE WANT IS HATRED.** We must know how to **HATE**, for only at this price can we conquer the Universe. We have done with the Kings of the earth; let us now deal with the Kings of the sky. All religions are poison and they intoxicate and deaden the mind, the will, and the conscience.

A FIGHT TO THE DEATH MUST BE DECLARED ON RELIGION. Our task is to **DESTROY ALL KINDS OF RELIGION AND ALL KINDS OF MORALITY.**

WIN THE PEACE CONFERENCE

For those who are not informed, this is one of the fronts in the United States on which Pal Joey expects to deliver the goods for dear old Kremlin — and, for those who don't know about the Kremlin, that is where our Reds take their post-graduate courses. It is a little city of its own, surrounded by a Stone Wall, in Moscow.

TRUMAN AND HOOVER FOOD REQUEST REJECTED

President Truman and Herbert Hoover have asked Stalin to help prevent hunger over Europe. He was quick to show he was not interested. Why should he help to destroy his best weapon, Hunger. It took long years of maneuvering to bring this about in Europe. You guessed it — we have been reading Stalin's mail for fifteen years.

STALIN CALLS BROWDER IN

Earl Browder, former head of the American Communist Party, ousted and replaced by William Z. Foster, has been called to Moscow and is now getting instructions from Stalin. He may return to the United States and replace Foster's open warfare tactics with the more refined, cunning, college propaganda tactics, so as not to let the cat out of the bag, that the revolution is nearing. Just soften us more and draw in more fellow travelers before they let Browder open up with the rough stuff. Foster was tied-up with the Anarchists back when they and the Black Hand were doing business.

BY JOSEPH STALIN

"I consider that the Communist Party of the United States is one of the few Communist Parties to which history has given decisive tasks from the point of view of the world revolutionary movement. The revolutionary crisis has not yet reached the United States, but we already have knowledge of numerous facts which suggest that it is approaching. It is necessary that the American Communist Party should be capable of meeting the moment of crisis, fully equipped to take direction of future class wars in the United States. You must prepare for that, Comrades, with all your strength and by every means. You must forget real revolutionary cadres and leaders of the proletariat who will be capable of leading the millions of American workers toward the revolutionary class wars". — From an address of Joseph Stalin to a group of American Communist leaders and published by the Communist Party of the United States under the title "Stalin's Speeches on the American Party".

"THE PROTESTANT"

This magazine is no more protestant than Molotov or Sidney Hillman. Just one of over three hundred clever periodicals to confuse and cause dissension among Christian Americans. Divide and Conquer.

A PREDICTION

If and when Harold Laski pushes England the rest of the way into Communism, then Eamon DeValera will be in the same spot as Franco is now. He will be smeared, and the stage set for the English army (which will be Red by then) to get into Ireland. For what? For the same reason Stalin wants to get into Spain again. The same reason the Red Army is in Poland.

The Red smear machine is also being warmed up for Switzerland. They have begun working on them, so we may expect our State Department to be in there pitching on Pal Joey's team against Switzerland soon after Spain has been run through the Red machine.

THERE IS NO OTHER PAPER LIKE THINK

We are free to tell you the truth and have the courage to do it. America needs active workers to give THINK out in factories, at Union meetings, Veterans halls, and churches.

Communists are never too busy nor too tired to put out propaganda and work for a revolution in the U.S. They have unlimited funds and rich backers. Many high-salaried individuals in the Movie industry alone contribute large sums regularly to promote front papers and magazines. Is America worth fighting for? Millions in Europe are trying to get "out-from-under" Communism. To which country would you go if, and when, the Reds get full control?

America, WAKE UP! Get behind THINK so we may give you a better paper and more of them.

A PROPOSITION TO MEN

WHO HAVE REAL MONEY

Form a committee and appoint two men to act as custodians of funds and pay for the printing of THINK. The writer will devote seven days a week editing and managing without pay. This will guarantee to everyone that every dollar they give will be used to fight Communism. So far we have given our time and our finances. We know how to effectively fight Communism and we know their weak spots. It is a tough job and we know what has happened to dozens of others who have stood up to them before. Smeared until they are pushed off the Radio or the platform, or put out of print.

We ask your money and prayers.

WHAT IS YOUR GUESS?

Which Department do you think has the most Reds? The State Department, the Treasury Department or the O.P.A.? A tip: Estimates on the State Department run from two to four thousand. As soon as we learn the answer we will put on a contest and offer as first prize a scholarship in Sidney Hillman's P.A.C. School—the year book just out. Listed among the courses is one on how to use the different racial issues to bring votes for Red control of the United States.

Should you like to have five copies of **Think** to give to friends ask our distributor. He will gladly give them to you, or we will mail them if you write us. **Think** is not motivated by a desire to make money. We welcome investigation.

Communists spend millions and push tons of propaganda on unthinking Americans. Let's wake up! How can you spend money better than to help stop these Reds from bringing present European conditions to America?

We give away several thousand copies of **Think** each week. We want to give away ten times as many. HOW MANY WE GIVE AWAY DEPENDS ON THE SUPPORT WE RECEIVE. Do you wish to help us grow? Every dollar will be used carefully. Small contributions are welcome. You may send cash or check to
